Source advised that the MDM was formed by U. S. Navy enlisted men at the U. S. Naval Base, San Diego, California, and U. S. Marine enlisted men at Camp Pendleton, California, in the early part of December 1969. The purpose of the MDM is to change military justice, correctional facilities, rank prerogatives in the military, and to end the war in Vietnam.

The "Daily Californian," a campus newspaper of the University of California at Berkeley (UCB), on October 2, 1969, contained an article entitled "Counselor Condemns Draft." In the article, one Donna Arline Mickleson, a GI Coffee House organizer, stated in effect that SOS came into being at South Carolina in 1967 for the purpose of establishing coffee houses for servicemen near their respective bases. According to Mickleson, "The aim of GI Coffee Houses...was to help GI's organize against the war, give them an 'island of sanity in exploitive towns near their bases,' and provide them an access to a 'political education.'" GI Coffee Houses are largely staffed and maintained by civilians.

On March 24, 1970, Source provided a Special Agent of the FBI with a record of deposits made to the MDM account, account number 0418505611, at the Bank of America, 14701 Ventura Boulevard, Los Angeles, California. This account was opened on December 9, 1969, and was closed on February 2, 1970. This account was opened by [REDACTED] and

Source advised on January 16, 1970, that the LAFBP was organized in Los Angeles in March 1969, for the purpose of supporting the BPP in their struggle against the "Establishment" and to generally improve conditions in the Negro community. Support of the BPP was to include sponsorship of functions to raise money which would be contributed to the BPP. The decision was made by the LAFBP during the early part of January 1970, changing the name of that organization to the Liberation Union (LU). The LU would not concern itself solely with raising money for the BPP, but would attempt to accomplish other non-specific goals which are currently being formulated.

PEACE ACTION COUNCIL

The "People's World", a weekly west coast communist newspaper, in its issue of November 5, 1966, in an article on Page 3, describes the Peace Action Council (PAC) as "a coordinating agency for peace activists" which conducts emergency mobilizations and demonstrative actions against the war in Vietnam.

- On July 22, 1966, a source reported that the PAC, which has also been known as the Greater Los Angeles Peace Action Council (GLAPAC), was formed during the early summer of 1966 for the express purpose of protesting the war in Vietnam during the National Governors Conference held in Los Angeles, California from July 4 to July 8, 1966. Following the conclusion of that conference, the PAC members decided to continue as a coordinating group to sponsor similar protest demonstrations at later dates.

This source was recontacted on August 1, 1969, and reported that the PAC continues to operate under the same basic concept, noting that in 1968 and 1969, PAC had sponsored demonstrations against Presidents JOHNSON and NIXON, protesting the policies of their respective administrations governing American military commitments in Vietnam. PAC presently maintains its headquarters at 555 North Western Avenue, Los Angeles, California 90004, telephone 462-8188.

BLACK PANTHER PARTY,
Also Known As

Black Panther Party for Self-Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December 1966, in Oakland, California, to organize black people so they can take control of the life, politics and the destiny of the black community. It was organized by BOBBY SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON was sentenced in 1968 to serve 2 to 15 years after being convicted of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

Memorandum

TO : DIRECTOR, FBI (100-449698)

FROM : SAC, LOS ANGELES (100-71737) (P)

SUBJECT: COINTELPRO-NEW LEFT

DATE: 4/16/70

Enclosed herewith for the Bureau is an original copy of a business reply card for the "People's World" (PW), west coast Communist newspaper. Also enclosed is a xerox copy of this card for the San Francisco Office.

For the information of the Bureau and San Francisco Office, this card was attached to free copies of the PW which were distributed at the Vietnam Moratorium Day, 4/15/70, and which was probably distributed in all large west coast cities where such events were held.

The Los Angeles Office is desirous of obtaining about 2,000 copies of this card. These cards will then be completed on the back with a name taken from the many local telephone directories (in the Los Angeles area alone there are eight), and a phony address. These cards will then be mailed to the PW, 81 Clementina Street, San Francisco, California. If this counterintelligence program is approved it should have the following results:

1. The PW would have to pay postage for every card that is delivered to the post office.
2. The PW would have to pay postage for the free copies of the PW that it mails to those whose names appear on the cards, plus the cost of publishing the additional papers.
3. The PW, if suspicious, might not send the paper, but if they do not, they stand a good chance of missing a true subscriber.
4. It would be time consuming and expensive for the PW to verify the authenticity of each name, address, and telephone number submitted.

It is realized that the San Francisco Office has a confidential source who provides the mailing lists for the PW, and that the San Francisco Office then sends these mailing tabs to the interested offices. The Los Angeles Office would of course keep a list of all the names inserted on the cards, and if these names were received by this office they would be destroyed.

The San Francisco Office is requested to comment regarding this proposed counterintelligence program and also to determine if this card could possibly be acquired in a surreptitious manner from the printing source as shown on the front of the card "AFL-CIO 200".

If this program is approved and is successful locally, it is felt that it could be used in all large west coast cities where the card is utilized by the PW.

Los Angeles is requesting San Francisco to advise, if known, the normal or average number of daily return of business reply cards received by the PW.

It is known that locally the PW received these cards from their San Francisco Office, and that they are then given to various Communist Party (CP) clubs so that the CP members can contact those seeking a subscription. This will cause much unnecessary work, expense, and confusion to the individual CP member as he seeks to verify the subscription request.

The Los Angeles Office also desires to know if the Bureau, through the FBI Laboratory, could duplicate this card in the event they are not available at San Francisco.

The Los Angeles Office will undertake no further counterintelligence program regarding this matter until advised to do so by the Bureau.

Charge Filed Over Photo in UCLA Paper

Two editors of the UCLA campus newspaper were each charged with two obscenity counts in a complaint filed Monday by City Atty. Roger Arnebergh.

The charges arose from the publishing May 27 in Intro, a supplement of the Daily Bruin, a picture of a seminude couple apparently engaged in a sex act in a cemetery.

John T. Parker, editor of the Daily Bruin, and Joseph W. Hymson, editor of Intro, were each charged with printing and distributing obscene matter and with printing and distributing matter harmful to minors in violation of the state penal code.

Arnebergh said police signed the complaint after UCLA Chancellor Charles Young refused to sign it or permit any member of his staff to sign it.

Intro used the picture to illustrate a story on "underground culture."

The Los Angeles Office agrees that the letter transmitting the diary should not come from a committee but it is felt that when the diary is sent to [redacted]

[redacted] it should indicate that more than one person knows about the existence of the diary.

Accordingly, the following letter will be sent, along with the diary, to [redacted]

We've been FUCKED but good.

We're taking this opportunity to send you a diary which we recently found, and which belongs to [redacted]. There is no question in our minds that [redacted] is a traitor and a pig for the establishment. We called the telephone number [redacted] and it was [redacted]. We even called telephone number [redacted] and got [redacted].

Do you recall how the pigs hit us when we went to Century City a few years ago? Pig [redacted] notes in the diary that he should call [redacted] and [redacted] on [redacted] [redacted] we get the shit kicked out of us.

Here are the questions that we want answered:

1. Why does [redacted] keep time [redacted] way?

Miss Angela Davis
c/o Department of Philosophy
University of California at Los Angeles
Los Angeles, California 90024

Dear Miss Davis:

I write to give word on how plans for a symposium on Philosophy and Revolution have developed. Hugo Bedau, Carl Cohen, and Arnie Kaufman all responded affirmatively to my invitation, and found the dates May 3-5 agreeable. Herbert Marcuse just wrote me expressing strong interest, but there is a question whether he could be here at the indicated time.

I settled on the following financial arrangements for the symposium: each participant receives a flat \$100 honorarium plus expenses, calculated as round-trip coach air fare to Milwaukee plus \$10 to-and-from the airport plus \$30 a day in Milwaukee. The Center for Afro-American Culture at UWM is very eager to have you visit the campus, I might add, and I've been told informally that the Center is prepared to chip in to help defray the costs of bringing you here.

I might add, while I'm about it, that the Philosophy Department will have a vacancy beginning in September 1971, and we would be especially interested in bringing in someone strong in social philosophy. There already is competition for the spot: the young man we hired for the coming academic year, several excellent candidates we were considering this past year, and several former members of the Department here who might want to return, all have an inside track. But if you have any interest, I would warmly encourage you to apply. If you do apply, and if I have any powers of persuasion over my colleagues, we might like to bring you here to read a paper or give a lecture sometime before the Christmas break.

Sincerely,

David Randall Luce

Dear Professor Kalish:

It has been suggested to our department's Appointments Committee, of which I am a member, that we explore the possibility of offering Angela Davis a joint appointment in Philosophy and Black Studies. However, it would be foolish to pursue the matter before we have some information about her plans for next year. Do you know whether she is planning to stay in California while her case is taken through the courts? Is she interested in taking another teaching job? I'd appreciate any information you can give me about her plans.

Of course I don't want to set up false hopes. A great many hurdles would have to be got over to manage such an appointment. In addition to the political problems you'd expect, there are serious budgetary difficulties. But still we'd very much like to get some information on her availability before we consider the suggestion further.

Sincerely,

Peter H. Hare

Newt Garver may have some of this information, but unfortunately he is out of town and won't be back for some time.

Dear Don,

It was good talking with you this afternoon. I'm hopeful that our conversation will result in Angela's attending our meeting in St. Paul. You might mention to her that NSA congress's have a long tradition of "radicalizing" delegates. There will be over 1000 student leaders present. Many (maybe most) of them were involved in Strike activities this Spring and this will be an excellent chance for them to broaden their perspectives.

I have enclosed several copies of the announcement of this year's Congress as well as single copies of several publications from NSA and its subsidiaries the Center for Educational Reform and the Educational Liberation Front.

Hope all is well with you and that the struggle isn't getting you down.

Larry Magid was one of the organizers of X139-Cleaver course at Berkeley and now is with NSA--as the attached letter indicates. He wants you to speak at the convention, and would like you to call him collect. If you want a little more information than is attached, I have a little knowledge of the affair. Officials Seek Angela Davis in Gun Inquiry

BY PAUL HOUSTON
Times Staff Writer

Angela Davis, former UCLA philosophy instructor, was sought Wednesday for questioning about two guns registered to her name that were used in a fatal gunfight outside a San Rafael courtroom last week.

And the report that Miss Davis had purchased the guns in 1968 and 1969 appeared to damage UCLA faculty efforts to bring her back on campus to teach a noncredit course this fall.

UC Regents have voted not to renew the teaching contract of the 26-year-old black militant and avowed Communist.

Asst. State Atty. Gen. Albert W. Harris Jr. confirmed the report that a .38-caliber Browning automatic pistol and a .30-caliber Plainfield carbine used by kidnapers of a slain Superior Court judge were purchased by an Angela Davis.

But he turned aside all questions about a statement that "further investigative efforts are being made."

Marin County Dist. Atty. Bruce B. Bales said officials were looking for Miss Davis to ask her about the weapons.

Newsmen's efforts to reach her have been fruitless. A faculty colleague at UCLA said he understands she went to San Francisco about 10 days ago to aid the defense of the

"Soledad Brothers," three black inmates accused of murdering a guard at Soledad prison.

Speculation arose over what it would mean to Miss Davis legally if the two guns she bought found their way into the hands of Jonathan P. Jackson, a 17-year-old youth who carried them into the courtroom of Judge Harold J. Haley last Friday.

Jackson, a brother of accused Soledad inmate George Jackson, 28, tossed the guns to three convicts and set off a kidnapping and shooting that led to the slaying of Haley, young Jackson and two of the convicts. One of the convicts was being tried for knifing a San Quentin guard.

A criminal prosecutor said that for Miss Davis to have committed a crime, it would have to be proved she gave the weapons to Jackson for use in the attempted courtroom escape.

Act 'Not an Offense'

The mere act of giving guns without intent to commit a crime is not an offense, the prosecutor explained.

Some faculty associates of Miss Davis said that she was constantly receiving threats against her life during the controversy over whether she should be rehired.

They said she was often seen on campus accompanied by young bodyguards and she may have given them guns to protect her.

There were reports that one bodyguard was Jonathan Jackson. It is known that he and Miss Davis were riding in a car together here July 8 when she was arrested on traffic warrants.

Prof. Montgomery Furth, chairman of the UCLA philosophy department, commented:

"It seems to me entirely possible that she had these weapons, that she put them in the hands of people she thought she could trust, and they did this (at San Rafael) without her knowledge or approval."

Furth continued:

"There's a long history of wild,

malicious and false accusations against militant black people, and in view of that it is only fair that judgment should be withheld until facts are established on which a responsible opinion can be based."

Furth, who has been heading the faculty effort to have Miss Davis appear on campus this fall, was asked what effect the guns report might have.

"I simply honestly can't say because I don't know what the facts are," Furth replied. "It seems to me extremely unlikely from my knowledge of Angela that she would engage in planning or even would condone any kind of desperate and crazy action like this."

Gary B. Nash, associate professor of history and chairman of the faculty committee raising funds to continue paying Miss Davis her salary, was not optimistic about the latest development.

"I don't see how it can help our efforts," he said. He disclosed that more than enough funds have been collected from faculty thus far to pay Miss Davis' salary through the end of the summer, and her July salary has already been paid.

Most faculty members seemed to want to hear Miss Davis' side of the story before speculating about her future at UCLA.

Arnold S. Kaufman, philosophy professor and president of the American Federation of Teachers, which supported Miss Davis in her fight to be rehired, said:

"We are not jumping to any conclusions, but it's absolutely indispensable that we have a public explanation of the circumstances concerning allegations that the guns used were hers.

"Until a full and truthful account is forthcoming, our efforts to protect her rights will be severely hampered."

In Sacramento, State Sen. H. L. Richardson (R-Arcadia) said he was responsible for tracing the two guns involved in the San Rafael shooting to Miss Davis.

He said he collected the information through his office as a state senator and his membership in the Senate subcommittee on un-American activities.

"I have multiple sources of information on subversive activities in this state that other people aren't privy to," he said.

Richardson disclosed the purchase of three guns by Miss Davis in a confidential memo he circulated to state legislators June 16, three days before Miss Davis failed to win contract renewal at UCLA.

He said he was trying to make colleagues "aware of the revolutionary nature of this woman and that she was not just a quiet teacher but a revolutionary in every sense of the word."

He added, "There's nothing wrong in owning guns. It's what you do with them."

In Los Angeles, the man who sold the Browning pistol to Miss Davis on Jan. 12, 1968, said he vaguely recalls her "wanting to buy a small gun for her own protection."

John Plimpton of the Brass Rail Gun Shop, at 1136 N. La Brea Ave., produced a pink receipt of the sale made out to Angela Yvonne Davis and signed, "Angela Y. Davis."

Copies were sent to state and local authorities for registration, he said.

By her own account, Miss Davis has been "very intensely involved in all levels of black activity" in the state.

In an interview last fall, she identified herself as a member of the Che-Lumumba Club, an all-black youth collective of the Communist Party of Southern California.

She said she had been a party member for 18 months. During that time, she added, she had gradually eased out of her activities in the Black Panthers in Los Angeles and San Diego.

Last June 18, she helped announce formation of the "Soledad Brothers Defense Committee," of which she became an active member.

A day later, UC Regents voted not to rehire her on the basis of public speeches she had made. She is challenging that decision in the courts.

TO : DIRECTOR, FBI (100-449698)

FROM : SAC, LOS ANGELES (100-71737)

SUBJECT: COINTELPRO - NEW LEFT

DATE: 12/9/70

Re Bureau letter to Los Angeles, dated 8/31/70.

Enclosed herewith for the Bureau is one copy of an article which appeared in a Progressive Labor Party (PLP) periodical, concerning PLP forgeries.

For the information of the Bureau, "Challenge - Desafio", official publication of the PLP issue of 11/1/70, contains an article accusing police agencies of forgeries in an effort to thwart the efforts of the PLP, and gave as an example, "an old memo book of one of our leading members was sent to us, with police phone numbers obviously written into it, accompanied by an unsigned letter alledging to be some of our members charging this person with being a police spy."

It is believed that they refer to the [redacted] diary, but is very interesting to note that they never call it a diary, they never identify the telephone numbers, nor do they identify the member accused of being this spy.

The Los Angeles Office, using all of the precautions utilized in the past, will once again communicate with [redacted] PLP, and remind him that his accusations might be accurate in some cases, but that a group here in Los Angeles still believe that [redacted] is a police spy and on the payroll of a police agency.

The Los Angeles Office is taking this view because there is a very good chance that [redacted] is under suspicion and that [redacted] is waiting to see what the article in the PLP newspaper brings about. If no additional letter is received, he can take the attitude that the first letter was a fraud; if he receives another accusing letter, it is hoped that he will either accuse [redacted] directly, or take such precautions that the activities of [redacted] will be curtailed and his effectiveness minimized.

[redacted] and three other Progressive Labor Party (PLP) members from the California State College, Los Angeles (CSCLA) Chapter of the SDS/WSA. As pointed out by Los Angeles, the expulsion of an [redacted] from his own chapter should tend to embarrass and discredit the national leadership of the SDS/WSA.

In the event [redacted] and his PLP followers are expelled from the CSCLA chapter of SDS/WSA, Los Angeles is authorized to have [redacted] present a copy of the meeting minutes to CSCLA officials in order to prevent the PLP members from using that school's facilities under the SDS/WSA name. Los Angeles also may have [redacted] send a copy of the meeting minutes to SDS/WSA National Headquarters, in an effort to force [redacted] to resign.

In the future, recommendations for counter-intelligence action should not be submitted on a UACB basis, as was done in referenced airtel. Specific Bureau authority must be requested and received for each counterintelligence action undertaken.

COINTELPRO - NEW LEFT
WORKER STUDENT ALLIANCE -
STUDENTS FOR A DEMOCRATIC SOCIETY

The National Convention of the Worker Student Alliance - Students for a Democratic Society (WSA/SDS), which was held on 12/27-30/70 in Chicago, was firmly controlled by the Progressive Labor Party (PLP). The anti-PLP factions were unable to muster any substantial support to change the nature of the WSA/SDS. In view of PLP domination of the organization, there are counterintelligence opportunities available to discredit PLP control of the organization.

Offices in receipt of this communication should promptly contact their informants who attended this convention and obtain details that would make suitable counterintelligence information available against the PLP. You should obtain information concerning the expenditures of funds for travel and lodging, immoral or unusual activities by convention participants and the method of PLP control over factions at this gathering. It has been estimated that the cost of the convention totaled about \$27,000 and your sources should furnish available information concerning WSA/SDS individuals handling funds and methods of disbursing them. In submitting results of your contacts include your observations concerning counterintelligence steps against the above organizations. Submit results within two weeks of receipt of this communication. It is anticipated that if suitable

classified in the HQ file, it will be necessary that the same classification, number of classifying officer, exemption category and date classified be noted on the field office original or copy of the communication. In every instance, the date of declassification will be indicated as "Indefinite."

In instances where the information set forth in the enclosed work paper is not clear, or set forth in a manner which does not permit location of the field office document to be classified, HQ should be advised and further information will be forwarded. All correspondence concerning this matter should, if possible, contain the number of the work paper page(s) (located at center top) in question.

In connection with this classification project, you should refer to the Manual of Rules and Regulations, Part II, Section 4, pages 53-57b, for instructions relating to classification procedures. Any questions regarding classification matters should be directed to FBIHQ, attention: Classification Officer.

In addition to classifying documents in field office files which have already been classified at HQ, it will be incumbent upon each recipient having a New Left-Cointelpro file to review it to insure all other documents which are classifiable are appropriately classified. This will include both intraoffice documents as well as documents furnished to other offices. In instances where another office has been furnished copies of a document, it is the responsibility of the originating office to furnish all recipients (excluding FBIHQ) sufficient information so they may classify their copies of the document in the same manner as the originator. Recipients not receiving work papers should review indices to insure any classifiable New Left-Cointelpro material in their files is classified.

Re: New Left
Counterintelligence Program
100-449698

In classifying a document on a retroactive basis, bear in mind it is necessary to include the date the document was classified at FBIHQ, and the date the classification is actually affixed if classified in the field.

You will note the enclosed work papers indicate other FBIHQ files which contain copies of documents which appear in this program file, which also must be classified. FBIHQ is undertaking this classification. It will be incumbent upon each recipient to insure all copies of documents classified in its program file are also appropriately classified if they appear in any of its other office files.

This project must be handled on an expeditious basis and be completed by 1/24/75. Insure sufficient personnel are assigned to meet this deadline. On or before 1/24/75 FBIHQ must be advised by each recipient of the completion of the project. Any problems relating to this project should be expeditiously furnished FBIHQ together with appropriate recommendations. //

FBI Tried to Pit Mafia, Reds

U.S. Communists, Crime Chiefs Got Phony Letters

BY RONALD J. OSTROW
Times Staff Writer

WASHINGTON—For nearly two years, the FBI conducted Operation Hoodwink, a counterintelligence effort designed to pit two of the FBI's prime foes—the Mafia and the Communist Party—USA—against each other.

Atty. Gen. Edward H. Levi Friday disclosed some details of the operation and four other counterintelligence programs the FBI had secretly conducted between 1960 and 1971 against domestic and foreign targets.

The disclosure, in a letter to Rep. Peter W. Rodino Jr. (D-N.J.), chairman of the House Judiciary Committee, significantly added to a list of seven previously disclosed counterintelligence programs that had been thought to compose the full range of now disavowed FBI practices.

Officials of the Department of Justice and the FBI said that Operation Hoodwink, conducted between October, 1968, and July, 1968, had sought to disrupt both the Mafia and the communists. The spokesmen refused to say what form the FBI had hoped the disruption would take.

"Hoodwink" consisted of four anonymous letters sent to organized crime leaders, the communists' newspaper, the Worker, and an unnamed union local.

The FBI seemed to show more cooperation in another counterintelligence. Levi passed no judgment on the attempt to stir discord between the Ma- now disclosures in his letter to Rodi- fia and American Communists was no, except to note that the FBI re- related to the CIA's purported efforts view indicated that the scope of the to involve underworld figures in programs "was much narrower" than plots to kill Cuban Premier Fidel Cas- tro.

But Robert J. Havel, the attorney Pointing out that the FBI's effort general's chief spokesman, described involved only anonymous mailings, Levi as being "upset by the actions." Havel said, "I just don't think you Havel said Levi regarded them as would get any answer to a question like that."

Levi and Havel traced belated discovery of the five COINTELPRO efforts this way:

Late last year, after the first seven COINTELPRO operations had been disclosed, the FBI directed its field officers to search their files on the programs "to classify material which was properly classifiable." The agency presumably was preparing for the release of information in answer to Freedom of Information Act demands.

Early this year, one of the FBI's 59 field offices informed Washington that the list of seven COINTELPRO efforts was incomplete. "A search of FBI files ensued, along with interviews with FBI personnel who might have known of other programs," Levi said, and he turned up the five additional operations.

China Rolls Out Red Carpet for Tiny Pro-Peking Groups

BY JAY MATHEWS

HONG KONG—Secretary of State Cyrus R. Vance got a good reception in Peking last month, but nothing like the red-carpet treatment received by that representative of the American people, Michael Klonsky.

Michael who?

It was a question asked by more than one American reader of the New China News-Agency when the official Chinese wire service reported Chairman Hua Kuo-feng's July 20 meeting with Klonsky, who got what still stands as the warmest reception ever given an American by the new Chinese leader.

Klonsky is the chairman of the newly organized Communist Party (Marxist-Leninist) of the United States of America, an amalgam of various pro-Peking leftist groups whose memberships are not thought to total more than a few hundred people—if that.

Klonsky enjoyed a period of notoriety during the late 1960s when he headed Students for a Democratic Society and brought a radical Communist rhetoric to that New Left organization. He was deposed in mid-1969 by so-called "regulars" in SDS who turned the organization's attentions toward civil rights and antiwar activities.

The reception Klonsky's party and groups like it have received in Peking reveals how eager the Chinese are to prove they are the ideological leaders of the Communist world.

Hua and his advisers have a stake in the future of the Klonskys of the world.

Since he purged his more dogmatic competitors for the mantle of Chairman Mao Tse-tung after Mao's death a year ago, Hua also has received staunch Marxist-Leninists from France, Norway, Australia, Sweden, Indonesia, Portugal, Belgium, Denmark, Burma and Honduras.

Venerable and with the Soviet Communist Party. The Chinese must provide some proof that they are pursuing the goal of world communism untainted by influence from Moscow.
